Missionary Update

We are back in Panama!!! By the time we boarded the plane for Panama, I was excited to sense that we were all ready to come home. As a father, husband, and missionary that was a great sense of relief.

The trip was expensive and unforeseen, but many of you communicated your prayers and gave special love offerings. Thank you all from the bottom of our hearts.

God used the short time in the States to refocus us on some upcoming things. We really believe that God wants us to move to Panama City, find a house, and start a church by the end of the year. Please continue to join us in praying about the following:

1. The FBI to **send** our background checks soon.
2. The Panamanian government to **accept** our next application for permanent residency visas.
3. **Safety** in traveling to Panama City as often as possible to do paperwork and to start looking for a house.
4. Clear **direction** from God on timing, locations, and moving.

Missionary Family

Delight and Drew Elijah are doing much better. If rough birth experiences go in phases, I would say we are in the last phase before everything is normal.

Delight's Spanish is the fifth of the very important prayer requests we have for the days ahead.

We were going soul winning as a family until just recently. In order to be more effective, we decided to split things up a little. I go soul winning with the church group on Saturdays and Delight goes with a lady in the church during the week. This has really helped her learn the language better, since she can focus on trying to communicate without kids.

Missionary Story

Last week, Delight paired up with a young lady from the church to go to our neighbors' houses. The third person they talked to, started to say that she was too busy getting her son ready for school. The lady, without explanation, changed her mind and invited them to proceed. Minutes later she sweetly bowed her head to ask Christ to forgive her of her sins. She is eager to come to church. What a Saviour we get to introduce to these sweet people!!!
